

Thai Breeze Earrings

Original Value: \$30

Donated by: Harvest Ball Committee Member

Inspired by Thai breezes, these beautiful sterling silver hook earrings measure 2" long and weigh .11 oz.

The earrings were purchased through a non-profit, ethical trade organization working in partnership with artisans around the globe.

They were handcrafted by a craftswoman in Chiang Mai, Thailand. She and her husband operate a silversmith workshop there, looking to preserve the ancient art of silversmithing, rather than have everything factory made.
